

General Invitation to Climate Summit

Hello,

You are invited to the Corvallis Climate Summit on **Sunday, January 26th from 2:30 to 5:00 pm** at the First United Methodist Church Community Center (1166 Jackson St). We hope you'll be able to join us, whether you've been working on climate for years or are just getting interested in climate activism.

About the Summit: The Summit will be a time to network, learn about what climate projects are already happening in Corvallis, envision innovative ways forward, and spark new alliances and collaborations. We believe Corvallis is poised to become one of the most climate-friendly cities in the US, and our hope is that this Summit will help galvanize our current efforts, inspire us to innovate new programs and projects, and help us become a showcase of what is possible when a community is dedicated to doing something NOW to fight climate change.

RSVP: Please click this link to let us know if you'll be able to join us:

Slide Invitation to Climate Summit

Greeting <Group Name>,

We'd like to invite your group to the Corvallis Climate Summit on **Sunday, January 26th from 2:30 to 5:00 pm** at the First United Methodist Church Community Center (1166 Jackson St). We hope you'll be able to join us.

About the Summit: The Summit will be a time to network, learn about what climate projects are already happening in Corvallis, envision innovative ways forward, and spark new alliances and collaborations. We believe Corvallis is poised to become one of the most climate-friendly cities in the US, and our hope is that this Summit will help galvanize our current efforts, inspire us to innovate new programs and projects, and help us become a showcase of what is possible when a community is dedicated to doing something NOW to fight climate change.

Submitting a group slide: During the Summit, we'll be presenting a brief slideshow featuring the climate work that is already happening in Corvallis. The slideshow will be an opportunity for your group to highlight your climate accomplishments, goals, and aspirations. The slideshow will also help us network and give Summit attendees the opportunity to decide what group(s) they might like to get involved with in the future.

Please submit your group's slide by emailing the following information to John Gentile (jag4biz@gmail.com) by Friday, January 17:

1. Your group name
2. One slide with your group's name or logo and photo(s) or image(s) representing your group
3. Two to three sentences summarizing your group's climate accomplishments, goals, and aspirations that will be used by the narrator when they present your slide.

If you have any questions, please feel free to contact John.
