saying about...*

# COMMUNITIES TAKE CHARGE

**Saving ENERGY. Living WELL.**

“This is a great idea. I like having three things I can focus on this month... I have a plan on choosing three new things every month until I have checked off the entire list.”

“I think your efforts are wonderful! I am heartened to see my neighbors willing to try.”

“Love this. I insulated my house with the information you gave me.”

“I look forward to trying my pledges.”

“The person who came to my home to sign me up was GREAT. She was very low-key, clear, well informed, encouraging, realistic, and nice. That’s the kind of person I want to encourage me. I believe my neighbors will respond to this too.”
